

## **STUDENT COMMITMENT**

For our Science Olympiad Team to be successful, our Team Members must be committed to the Science Olympiad Program. Your three TOP priorities must be (1) Your Family, (2) Your School Work, and (3) Science Olympiad.

Science Olympiad Team Members must be willing to commit to the following:

- \* I will attend all event practices
- \* I will attend weekly team meetings. (Team Meetings are held each Wednesday afternoon from 3:45 to 4:30)
- \* I will study event materials given by event coaches
- \* I will take pencil, paper, calculators, event notes and other materials/supplies, as directed by event coaches, to each event practice.
- \* I will not be a distraction at event practice.
- \* I will attend Saturday event practices (beginning in December)
- \* I will attend event practices which may be held at locations off campus.
- \* I will not take cell phones, or other devices which could cause distraction, to event practice.
- \* If I cannot attend an event practice, or a weekly team meeting, I will notify my coach prior to missing practice.
- \* I will support the BMS Science Olympiad Team and Team members.

I will make the above commitments to the Bearden Middle School Science Olympiad Team
